Spaces & Living

Along the beautiful Garden Route, overlooking the tranquil northern side of the Knysna lagoon is the charming and idyllic Leisure Isle. Situated close to the front of the Lagoon and a small-craft harbour is a little gem called Covie House, a lovely family retreat option which combines easy living with delightful views of the Knysna lagoon. Soak in the fun and flair exclusive to an island lifestyle with swimming, biking or simply strolling down the beach.

The peaceful holiday home has been distinctively decorated with French country overtones and a thoughtful attention to detail. An informal living area has been coupled with an open plan kitchen which is suitably well-equipped for self-catering. Enjoy cosy family get togethers in the spacious lounge or a majestic sunset from the covered verandah. While being part of a residential complex, Covie House is cleverly designed to guarantee you complete privacy.
